

SGP FOOTBALL BOOSTER CLUB
PRESENTS

“How to Pay for College Without Going Broke!”

A FREE WORKSHOP FOR ALL SGP PARENTS

If you're the parent of an SGP student who's planning on attending a four-year state college or private university, you'll want to attend this FREE workshop—regardless of your income.

College planning expert, Douglas Bryan with College Planning DFW, shares secrets and insider tips to send your child to schools you never thought you could afford.

This educational workshop is specifically for parents of all college-bound high school students.

(Parents of freshmen, sophomores and juniors will actually get the biggest benefit.)

Topics include:

- ⇒ *How to send your child to the school of their dreams without getting trapped in a financial nightmare.*
- ⇒ ***Where to find big piles of free money and not fight over the scraps everyone else is going after.***
- ⇒ *Why you shouldn't be afraid of the “sticker price” of an expensive private school.*
- ⇒ *Why listening to your accountant, or other parents could cost you BIG TIME.*

What others have said about this program

I was blessed to find the program from College Planning DFW. **We had 120+ people show up for an informative and entertaining program about college planning.** We had to get extra chairs to accommodate the attendees. The meeting included information for parents of all students in the school because he prepares you for the financial burden that is placed on so many families when it comes to college. **Many people wrote to me after the program and gave me great feedback.**

Luann Doyle Grapevine HS
